PRESIDENT LEWIS CRITICIZED BY MINERS ON FLOOR

**Declare He Transcended His
Authority in Illinois Strike
Situation.**

**Referendum Settled Compro-
mise Proposed.**

TROOPS GUARD AT COLUMBUS.

Indianapolis, Aug. 18.—Vice-President Hayes, of the United Mine Workers, criticized President Lewis' attitude toward the Illinois miners in a speech today. Hayes said that Lewis had no authority to accept a compromise with the Illinois operators and then, after consulting the operators, submit the compromise to a referendum vote. He urged the convention to endorse the Illinois strike. John Mitchell also told the delegates that the Illinois strike deserves financial support.

Soldiers on Guard.

Columbus, O., Aug. 18.—Following action on part of Columbus Railway and Light company, today, in rejecting the offer of the city council to act as an arbitration board in settling the street car strike, Governor Harmon and Charles J. Pretzman, president of the chamber of commerce tonight inaugurated new peace efforts. No information concerning the governor's plans was to be obtained, although he said it was along new lines. Pretzman tomorrow will seek to get a formal offer from the company to re-instate its old men with an advance in pay to 25 cents an hour and with no recognition of the union.

Mayor Marshall again last night refused to be responsible for the operation after dark, and the company continued the policy adopted last night of putting armed detectives on the cars.

The company has a force of over 200 men for this and other similar purposes. General Manager Stewart says he has determined to run cars regularly and to put company guards on them.

It is not believed that the mayor will consent to police riding the cars. Sheriff Sartain has raised a force of 150 special deputies, some of whom are business men serving without pay.

Manager Stewart tonight sent a letter of criticism to the mayor, demanding that the police cease "temporarily with crime." He declared the force was "notoriously inefficient in its duty to disperse mobs and prosecute criminals."

Robert Mitchell 39, a piano salesman, died today from a fractured skull sustained when he was hit by a brick while riding on a car last Sunday. Mitchell said nothing about his injury until Monday morning, and then referred to it as of no consequence. An hour later he fell unconscious on the street. He did not regain consciousness, and the officials have no details of the assault.

Military authorities are preparing to hold troops here indefinitely.

It leaked out today that Governor Harmon had recommended the dismissal of Chief of Police Carter, but when Mayor Marshall demurred strenuously and even went to the point of declaring that he would rather resign himself than remove his chief.

**CROPS OF MONTGOMERY
SHOWING NEED OF RAIN**

Clarksville, Tenn., Aug. 18.—The crops are beginning to show the need of rain, both corn, tobacco and potatoes. Though much of the early corn and tobacco is too far advanced to be materially injured it would be made better with another rain. Watermelons and cantaloupes are plentiful and on every corner may be seen wagons heavily loaded with them.

Will Go Back to Asylum.

Lee Dilworth, 39 years old, of the Woodville neighborhood was adjudged a lunatic by a jury in County Judge Alben Barkley's court this morning and ordered taken to the asylum for the insane at Hopkinsville. An attendant will arrive this evening and he will be taken there again for treatment early tomorrow morning. Dilworth has been unbalanced several years and only recently was dismissed from the asylum.

Cleveland, O., Aug. 18.—President

W. G. Lee, of the Brotherhood of Railroad Trainmen, today announced the terms of the Pennsylvania railroad wage adjustment. The daily and mileage rates have been raised to the New York Central and Baltimore and Ohio schedules wherever lower than the rate obtainable on those lines and maintained where ever higher.

Nick Longworth Opposes Cannon After Interview With President Taft at Beverly, Massachusetts

**Roosevelt Starts on His West-
ern Trip Next Week—Rumors of Break With Taft
Discredited.**

Beverly, Mass., Aug. 18.—Following political conferences here during the past few days, today came the announcement from Congressman Longworth, of Ohio, that he would oppose Speaker Cannon's re-election. He said: "I shall do so in a manner I consider proper, and effective for the settlement of party differences in the Republican caucus."

This was taken as evidence that President Taft is throwing his influence toward eliminating Speaker Cannon from the political situation. Longworth is an administration man.

At a conference this morning between Longworth, President Taft and Vice President Sherman, Longworth declared it to be his belief that Cannon would not be re-elected and this belief had been strengthened since the close of the last session by what he has heard from Cannon's former supporters. Longworth said he made the announcement on his own responsibility and at the suggestion of no one.

Roosevelt Ready for Start.

Oyster Bay, Aug. 18.—Roosevelt got back into the active political game. Four days hence he starts on his first speech-making tour. The colonel held conferences with several of his lieutenants today but all information in regard to them was withheld.

William Loeb went into a conference with Theodore Roosevelt this afternoon.

Rumor of Breach.

Washington, Aug. 18.—Reports that Roosevelt had broken with President Taft muddled the political atmosphere in Washington today. The assertion is made by three New York newspaper correspondents. Vice-President Sherman remarked that his selection as temporary chairman of the New York convention was a victory for the administration. This is regarded as tantamount to a declaration of hostility on his part. It does not connect the president. The fact that Congressman Murdoch is known to have consulted Roosevelt on the text of his Osmawatomie, Kansas, speech August 31, seems to give grounds for the prediction that the colonel will make his first public profession at that time.

Not Known at Beverly

Beverly, Mass., Aug. 18.—If there is any break between President Taft and Roosevelt it is visible only from the New York end. The rumors that such a break has occurred created interest here; but no statement was forthcoming. Secretary Norton refused to be interviewed, but laid all dispatches aside for the president's perusal.

First Bales in South Alabama.

Mobile, Ala., Aug. 18.—First bales of cotton from points in south Alabama are reported as follows: Stewart Brothers, of Bay Minette, brought a bale to the Farmers' Gin company, but owing to a breakdown it was not ginned until today. Yesterday Alfred Bates, a negro, had his first bale ginned in Mobile. The cotton was raised at Prichards, a suburb of this city. Incidentally, it was the first bale of cotton ever ginned in the northern limits of Mobile. The first bale was brought to Atmore, Ala., Saturday, sold to a local firm and later sent to Mobile Tuesday, where it was auctioned for 18 1/2 cents per pound.

He was held in jail until this afternoon at 2:15 o'clock, when he was given a ticket to his home in Murray, Ky., over the N. C. & St. L. railroad. Hard Jolt—Emperor Franz
Josef's Birthday.**

He left Tiltmanstone, accompanied by Alfred Sileux, his mechanic, at 5:05 this morning. At 7 a. m. near Slippingbourne, he was forced to descend on account of engine trouble. He re-ascended at 9 a. m., but at Upchurch one of the stays broke, fouling the engine. In alighting in an unused brickyard, the propeller was broken. Moissant wired to Paris for the defective parts, which may arrive tomorrow. Both men were shaken up by their abrupt landing. Moissant is the hero of the hour in England. He asserted he could not claim the \$25,000 prize offered by the London Mail, as he aviated for the sport. But, if the prize was offered him he would not refuse it.

Misconduct Toward Little
Girl.**

**Evidence Against Him Not
Strong.**

ARREST IN SMITHLAND CASE.

Arlington, Ky., Aug. 18.—An attempted assault was made on the little 8-year-old daughter of Joe Bodkin at Berkley, Ky., Tuesday morning and Charles Patrick, a white man about 30 years old, is under arrest accused of the crime. According to the affidavit made by the little girl a man whom she did not know was in Leon's store at Berkley when she and her brother, aged 12, went in to buy some goods. The man caught her and fondled with her in the store. Then he bought some candy and gave it to her. She and her brother started home, which is a short distance up the railroad north of Berkley. However, the children started along the dirt road, but were overtaken by the man, who persuaded them to cross on to the railroad with him. After they had followed the railroad a short distance the little girl states that the man caught her and tore a portion of her clothing off, the boy in the meantime threatening to throw rocks and doing all he could to assist his little sister. While her assailant was watching the boy she managed to break away and ran home and reported to her parents at once. Efforts were made to apprehend the man.

Charles Patrick, of this place, who is said to have been with a fishing party on the lakes near Berkley, was arrested accused of the crime. He has always borne a good reputation, never having been connected with any crime. He is married and his family live here. He was taken to Bardwell for trial. He gave bond and is believed to be innocent.

In order to find out who the extortioners were, in company with some friends, Judge Blair boarded a train and dropped the money from the train at the designated place. In the meantime his friends had stationed themselves nearby.

Earlier in the day Brice and Johnson had had a difficulty, and came to blows, and Brice whipped Johnson. Late in the afternoon, Johnson, armed with a pistol, came by Brice's house, and seeing him out in the yard playing with his children, began firing on him. Mrs. Brice, who was in the rear of the house, heard the noise and came running out into the yard to see what was the matter, when she received a bullet in the chest. The wound is serious, but is not thought to be fatal. Johnson fired five times at Brice. Immediately afterward Johnson phoned to the sheriff and gave up.

WANTS HIS CHILD AND ADVERTISES

FLEES WITH ANOTHER
TAKING CHILD.**

According to Billingsly, he had been living with Edna Pevela for a number of years and he had a son, who is dear to the heart of the father. Billingsly alleges that the woman drew \$90 of his savings from a bank and skipped out with Will Dillingham, a river man. The boy has light hair, blue eyes and was dressed in a linen Buster Brown suit and wore a brown striped cap. Billingsly will not prosecute the man and woman, but is sparing no efforts to find his boy.

Warrant for Mayfield Man.

Mayfield, Ky., Aug. 18.—Chief of Police C. H. McNutt is making efforts to capture Riley Upchurch, a man 46 years of age, who is charged with kidnapping Marguerite Riley, the 11-year-old daughter of Mrs. Melvina Thompson. The couple have been missing since last Friday. Mrs. Thompson says that Upchurch, who came to her house as a stranger recently, told her that he and the girl were going out to Fancy Farm road to pick blackberries. They have not been seen since that time and all efforts to locate them have proven futile. Very little is known of Upchurch, but it is said he came from Memphis here and later went to Paducah and returned here.

Game at Hoptown

The Indians are playing their second game with Hopkinsville today and their Woodring or Payne will be in the box for Paducah. Anderson, Paducah's crack shortstop, has resigned, but fans say Manager Angermeyer will not give him his release. Anderson is one of the best in the league and his release would be a distinct loss to the locals. It is said he may decide to remain, and with the addition of a few new players the Indians will be strengthened. Tomorrow will be the last day at Hopkinsville and Paducah will return here with Hopkinsville for three games.
